

TASTE THE DIFFERENCE WITH PARIS CREEK BEEF

100% GRASS-FED

Our beef is 100% grass-fed. Which means that your beef was raised eating what it was designed to eat.... grass! Our meat is higher in nutritional value, naturally more tender and significantly lower in fat, as opposed to the high majority of most beef available which is fed grain.

DIRECT FROM THE FARMER TO YOUR KITCHEN

We process our meat once we receive your order, which guarantees you get fresh produce. Our meat is processed by a licensed accredited butcher, is dry aged for between 15-20 days and cut to your specifications. No substances are added to your meat to increase the weight or alter the colour. With Paris Creek Beef you will receive nothing but fresh natural produce.

We are dedicated to supplying natural premium quality 100% grass-fed beef. We guarantee that our cattle have never been given antibiotics, growth hormones or genetically modified feed.
